

## PRESS RELEASE

### **HOT PRESS EXCELLENCE RECOGNISED BY DTI AND FINE ART GUILD**

Praise doesn't come much higher than being presented with the Fine Art Guild's new 'Export Achievement Award', which is what happened to framing and photographic specialists' Hot Press Ltd at this year's Autumn Fair.

Part of the prestigious UK Art and Framing Industry Awards held earlier in the year, contenders for the Guild's Export Achievement Award were assessed by a panel of judges which included Cox's Exhibitions, Guild staff and feedback from UK Trade & Investment (sponsors and part of the DTI). Hot Press were then presented with the Award by Christrose Sumner, Managing Director of the Fine Art Guild and Gary Hunt of the DTI.

Accepting the Award on behalf of Hot Press Ltd, former Managing Director Richard Masters said:

"I am delighted to accept the Guild's Export Achievement Award on behalf of Hot Press. Hot Press have always exhibited at major trade shows around the world which has resulted in increased sales to over 49 countries in the last 12 months, making a huge presence in the export industry. I would like to thank the Fine Art Guild and the UKTI for this significant recognition."

As manufacturers of the world renowned hot glass vacuum press and as major suppliers of consumables to the framing and photographic market, Hot Press have built a solid reputation in the industry both in the UK and worldwide. To find out more about their quality product range and to be put in contact with your local distributor call their Customer Service Team on 01604 495444 for further details.
